ABOUT ME

Agon Bajgora is a seasoned Informatics Engineer hailing from Mitrovica, Kosovo, with a rich blend of experience spanning design, software engineering, and executive leadership. Since 2013, Agon has showcased his design prowess as a freelancer, crafting unique solutions tailored to client needs. In 2016, he ventured into the realm of software engineering, collaborating with diverse companies to drive technological advancements and software innovations. His leadership acumen was further solidified in 2020 when he assumed the role of Chief Technology Officer (CTO) for job.rocks, a Switzerland-based enterprise. Concurrently, Agon is imparting knowledge as a Teaching Assistant at the University of Mitrovica. His academic achievements include a Bachelor's degree from the University of Pristina and a Master's degree from the University of Mitrovica, both in Informatics Engineering. Agon's multifaceted expertise positions him as a valuable asset in both technical and strategic capacities.

EDUCATION AND TRAINING

09/2012 – 06/2016 Kosovo

B.Sc in Engineering Informatics University of Pristina

09/2016 – 07/2019 Kosovo

M.Sc in Engineering Informatics University of Mitrovica

WORK EXPERIENCE

04/2020 – 05/2023 Switzerland

Chief Technology Officer job.rocks

I am in charge of technological infrastructure. I have to take care of internal business operation processes, and develop innovative products.

01/2018 – 05/2023 Kosovo

Lead Software Development Engineer, CEO Swiss Innovation Hub

My job is to lead a team of developers, who work for different products from Switzerland. I am responsible for designing the architecture of web and mobile applications, and also planning the whole development process. In the meantime, I run the company based on Pristina.

01/2017 – 01/2018 Kosovo

Software Engineer Trokit Agency Creative

My job was to build web applications, web services, and mobile applications using PHP, MySQL, Javascript, HTML and CSS.

10/2016 – 01/2017 Kosovo

Software Engineer Zetta Technologies

My job was to build web applications and web services using PHP, MySQL, Javascript, HTML and CSS.
